

GAMG Award Nomination Cover Sheet

Category of Nomination:

Title of Nomination (as it should appear on award):

Organization(s) Submitting Nomination (as name(s) should appear on award):

Please include the names of all organizations that would receive a plaque as part of this nomination.

Contact Information:

Please provide name, organizational affiliation, mailing address, telephone number, and email address for the person acting as contact for this nomination. This will be the individual who will be contacted with any questions regarding the nomination and will receive notice of the nomination's outcome.

Nomination Synopsis:

Please provide a brief overview (under 100 words) describing the nomination

Nomination Narrative (Please provide in the form of an attached document):

*In **500 words or less**, summarize the project, organization, or individual being nominated and describe its/their impact on the community served. Highlight how the nominee exemplifies excellence in the museum field and, specifically, how the nominee meets the requirements of the category of nomination. Describe how success was assessed and evaluated, as well as the involvement of any partners and community stakeholders.*

Supporting Materials (Please provide in the form of attached documents):

Please include a project budget (if submitting in a category based on budget) as well as any available press clippings, photos, letters of support, and evaluations that help provide information about this nomination. If the nomination category references scholarship and/or best practices as criteria for award, please include a bibliography or list of sources consulted. If the nomination is for an individual, please provide a professional resume, biographical statement, or other description of relevant work experience to support the nomination. For Special Project nominations, be sure to include representative materials of all aspects of the project to be evaluated as part of the nomination (i.e. if the project includes a public event, education materials, and an exhibit, be sure to include elements of all three aspects of the project).
