President's Message

☞ *Cindy Bowden*

The weather is finally cool and the leaves are turning into the beautiful fall colors, and its that time of year again - time to rush around, scream and shout. We've go to get up a new show for the holidays, book the ten million parties and receptions in our museums, gift shop sales galore and don't forget the "end of the year giving" mailings. Oh for the peace and quiet of January.... a time for reflection, cataloguing the collection, cleaning the museum and most importantly, **attending the annual GAMG meeting.**

This year's annual meeting will be a lot of fun and educational to boot. Besides my two-hour speech, which David Dundee has somehow failed to schedule, there will be all sorts of wonderful sessions ranging from fund raising to collection management to educational programming to marketing. Our program committee has done a great job. I am especially looking forward to the special events our hard working host committee has planned in Statesboro. All of the museums are rolling out their red carpets for us and the new conference center at Georgia Southern University is to die for, with state of the art meeting rooms, delicious food, and friendly hosts.

Gwen Leverette is our new GAMG Administrator. Gwen comes to us from Fernbank where she is a Secretary II in the Support Services Division. She has worked as an administrator for over 20 years, nine of them at Fernbank. Meeting and workshop planning, Excel spreadsheets, financial management, databases, and word processing are among the skills she brings to us. Most importantly Gwen is good with people and will be available to answer any questions from 9 to 5 Monday through Friday. Her phone number is: (404) 378-4311 ext. 216 and her e-mail is gwen.leverette@fernbank.edu. Gwen will be introducing herself to you in an article on page two. Please give her a call or e-mail and welcome her to GAMG.

The new Georgia Traveler brochure will be printed in time for distribution at our annual meeting. Although over 80,000 brochures have been printed and distributed the ratio of returns has been less than 100. We need to study the reasons why and how we can improve the program in the coming year. The Board and a long range planning committee will be looking over all of our current programs and evaluating them in the next few months. If you would like to participate in this process or have ideas give me a call.

The Statesboro conference promises to be a lot of fun and one of the biggest bonuses is getting together with your colleagues and friends to share new ideas. I look forward to seeing all of you in January.

Administrator's Message

☞ Gwen Leverette

Greetings GAMG members. It is a pleasure to have the opportunity to serve as your Administrative Assistant. Webster defines the word "serve" as "one who renders assistance; to be of use" and that is my sole purpose, to assist and help you. Over the last thirty days I've worked hard setting up the office, familiarizing myself with the files and operation of GAMG and working with our Web Master to update our website. I've had the delightful opportunity to talk to several of our members and hopefully, successfully handle your questions and concerns.

The 2002 Georgia Traveler program continues through December 31, 2002. Please encourage your staff to promote this project when greeting visitors at your institutions. The printer has completed the blue-line for the 2003 brochure. Watch your mail for the new program package. If you were not one of our participating institutions consider coming aboard for the 2003 program.

Your help is needed to update our membership information records. Please e-mail me your institute's web address. This information, in addition to updating your file, will be added to our website to offer a live link to your web pages. If you've had a change to your primary contact person include this information as well.

The news page of the GAMG website needs your NEWS. Send me your institution's happenings; awards, acquisitions, promotions, etc. Another helpful vehicle would be your annual calendar. These items can be faxed, mailed or e-mailed to me.

Remember, I am only as effective as you allow me to be...so call me! I am here to help. I look forward to seeing each of you at the Annual Conference in Statesboro.

Want to attend the 2003 conference but need financial assistance?

The New Georgia History Museum

☞ Dorothy Olson

Director, Georgia Capitol Museum

Governor Barnes and the General Assembly recognized the need for a Georgia History Museum, having made funds available in 2001 for a predesign study, now in its second phase. Secretary of State Cathy Cox and the Capitol Museum staff are working with the Georgia Building Authority, the architectural firm of Lord, Aeck & Sargent and the design team of Van Sickle and Rolleri to formulate plans for the future of this building and its exhibits. The purpose of Predesign One was to recommend the size of the museum and its location and to determine the cost and the construction schedule. The site selection continues in the second phase.

In the Predesign Phase 2 an Exhibit Advisory Panel has been selected to develop an exhibit program that will establish a direction for the construction of the building. Selected members will meet on four occasions. The minutes from the Panel meetings can be accessed from Secretary of State's web page www.sos.state.ga.us/museum. The issues

Landing of Oglethorpe, Georgia 1733

from the first meeting concerned the mission of a Georgia History Museum, its goals and objectives. The discussion involved critical themes and collaborative benefits with other museums, historic sites, and organizations.

The second workshop began to develop themes and sub-themes and considered the collection. Workshop No. 3 finalized key messages and developed visitor experience. The fourth workshop on December 13th will identify content specifics and conclude the visitor experience.

Among the decisions already in place is the understanding that a museum which presents the history of our entire state is committed to portray honestly and accurately the story of Georgia's people and Georgia's land. Georgia scholars will guide our subject selections and interpretation, and Georgia cultural and historic sites and organizations will serve as major contributors. We will aim to interpret our history with sensitivity to the message and create excitement in its presentation. A state history museum will serve as a resource for the state's museums and provide opportunities that will strengthen our museum community. We are optimistic that the newly elected officials will provide the opportunity to move forward with this project. Your support is solicited, and your ideas are encouraged!

Dorothy Olson, Georgia Capitol Museum Director, 404-651-6996 or dolson@sos.state.ga.us.
